About Care and Repair

At Age Action, we envision an inclusive and age-friendly society where older people can lead full, active and healthy lives.

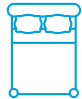

Age Action's Care and Repair does small DIY jobs, free of charge, for older people to help them maintain their homes and their independence.

For this role, we need volunteers with basic DIY skills and basic tools to attend to jobs and a huge interest in helping older people in their community.

Age Action volunteer in action

What we cover:

- Small DIY jobs 
- Remove trip hazards 
- Install handrails 
- Replace toilet seats 
- Move a bed downstairs 
- Light gardening

Testimonial

“I have been volunteering for over 12 years with Age Action. I started in 2011 and have had many Care and Repair jobs completed since that time from gardening, smoke alarms, hand rails, stair rails, fixing doors, locks, leaking taps etc to mention just a few. I have met many volunteers in those years and clients. During Covid as many old volunteers were not allowed house visits work load increased substantially after the first lockdown, one other volunteer and I covered a very large area of Cork, it was good to get out and help when no other trades were allowed. We also do some jobs for the HSE when clients are coming back home after as stay in hospital.”

Timothy O'Mahoney, Cork
